# Agile Mindset Activity Design

Activity Structure

Objective: Team building activity for customer feedback and continuous improvement.
Duration: 15 mins max, 3 min per sprint

Participants:

- Agile Team A & B
- Customer A & B

Materials:

Burger set ([Template](#))

Feedback ([Template](#))

Approach - Iterative([Video Link](#))

Number of Sprints: 5

Process:

1. For each sprint, the agile team will produce a complete burger.
2. After each iteration, the agile team will gather customer feedback.
3. Customers express their satisfaction by giving a happy/unhappy rating.
4. The agile team must use this feedback to improve the burger for the next sprint.
